

5th Annual China Aircraft Development Summit

July 16th-17th, 2015, Tianjin, China

“5th Annual China Aircraft Development Summit” will be held in Tianjin on July 16th and 17th, 2015.

Initiated by the government of Tianjin, this 5th China Aircraft Development Summit is deemed by its focus in the field of aircraft manufacturing and its efficiency orientated by business.

Major topics to be addressed at the 2015 event:

- Global aircraft industry development analysis
- International subcontract projects and cooperation
- China aircraft industry policy prospects
- Application of composite materials and the future
- Aircraft engine R&D achievement and future trend
- 3D printing application on aircraft parts manufacture
- Simulation technology breakthroughs

This cutting edge 2-day conference offers you :

- ✓ **Networking with the industry leading experts:** influential executives, government representatives, regulatory officials and service providers
- ✓ **Meetings with decision makers** of your choice: prescheduled one to one business meeting

You will achieve the goals as:

- ✓ **Expand** your business potential in a highly competitive marketplace
- ✓ **Understand** the crucial elements of capitalizing on opportunities in the Chinese marketplace

Testimonials for the past editions:

“Good arrangement, especially tea break time and exchange.”

—AVIC Jiangxi Hongdu Aviation Industry Group Co Ltd

“Good quantity of info, top level speakers and well organized.”

—AVIC Beijing Institute of Aeronautical Materials

“The main theme have followed the trend, and the content are rich in detail.”

—Beijing Aeronautical Science & Technology Research Institute of COMAC

5th Annual China Aircraft Development Summit

July 16th-17th, 2015, Tianjin, China

Inviting Delegates (non exhausted list)

Inviting Delegates

Government Officials

- Civil Aviation Administration of China
- Ministry of Industry and Information Technology

Aircraft Manufacturers

- Airbus
- Boeing
- Bombardier
- Embraer
- Gulfstream Aerospace Corporation
- Aviation Industry Corporation of China
- The Strategic & Planning Department of AVIC
- The International Business Department of AVIC
- The International Strategic Department of AVIC
- Commercial Aircraft Corporation of China
- The Logistic Department of AVIC
- AVIC Aircraft
- AVIC Defense
- AVIC Commercial Aircraft Engine
- Aviation Industry Group
- AVIC General Aircraft
- AVIC Shenyang Aircraft
- AVIC Nanchang Aircraft Industry Group
- AVIC Import & Export Dept of Xi'an Aircraft
- AVIC Jiangxi Hongdu Aviation Industry Shares
- AVIC Nanchang Aircraft Industry Group
- AVIC Chengdu Aircraft
- AVIC Shaanxi Aircraft Industry Group
- AVIC Shenyang Liming Aero-Engine Group
- AVIC Xi'an Aero-Engine (Group)
- AVIC Jinchen Corporation

- AVIC Guizhou Aircraft
- AVIC Harbin Aircraft Industry Group
- AVIC China Industry & Technology Company Limited
- China Aerospace Science & Industry Corp
- China Aviation Supplies Holding Company

Aviation Machinery Companies

- AVIC Heavy Machinery
- Shaanxi Hong Yuan Aviation Forging Company
- Guizhou Anda Aviation Forging
- Jiangxi Jinhang Aviation Forging & Casting
- Wuxi Zhuoyue Forging
- Shenyang Air Forging
- Changzhou Forging
- Xian Silver River Aviation Forging
- Xian Air Forging

Design and Research Institutes

- 601 Shenyang aircraft design institute
- 603 Xian aircraft design and Research institute
- 606 Shenyang engine design and Research institute
- 611 Chengdu plane design and Research institute
- 614 China aviation power control system research institute
- 615 China aviation radio electronics research institute
- 618 Flight Automatic Control Research Institute
- 640 Shanghai Aircraft Design and Research Institute
